Investment Strategy

This fund aims to maximize total return with a risk level that is in line with its time horizon by holding a mix of equity and equity-like asset classes as well as fixed-income instruments. It favors sustainability integration within its equity component through the use of optimized strategies based on environmental, social and governance factors. The fund is intended for investors planning to begin drawing income from their savings between 2053 and 2057. Over time, the portfolio is rebalanced to reflect a decreasing tolerance for portfolio volatility.
