Investment Strategy

This fund is composed of a portfolio of underlying funds that aims to provide both current income and long-term capital appreciation. It primarily invests in tangible assets worldwide, targeting private real estate and infrastructure strategies. The fund will also invest a limited portion of its assets in public real estate and infrastructure securities as well as in publicly traded fixed income securities.

Notes

Note that the target composition presented is that intended for the ultimate, when the capital calls from illiquid funds have been completed.

Note that the composition of the Invesco Global Direct Real Estate, IFM Global Direct Infrastructure, DGAM Global Private Infrastructure and UBS Global Direct Real Estate funds is not reflected in the Top Five Countries, Top Five Global Equity Sectors and Fixed Income Breakdown sections.

This fund invests in real or tangible assets that may require a certain delay for liquidation. Redemptions may be temporarily interrupted during any period over which the fund does not have sufficient cash or readily marketable securities to meet requests for redemptions. This fund, intended for experienced investors, must be considered as a long-term investment. It is not appropriate for someone who may be forced to quickly convert its assets into cash.
